Mr. Kurt A. Humphrey

March 25, 2015

Environmental Manager

Northwest Innovation Works, LLC

380 West Marine Drive

Kalama, WA 98625

Re: Domestic Water Supply Availability

Dear Mr. Humphrey,

This letter is to inform Northwest Innovation Works that the City of Kalama can provide the estimated domestic water supply demand of 5,600gpd for the proposed Kalama Manufacturing and Marine Export Facility within the Port of Kalama.

Please feel free to contact myself if additional questions arise.

Sincerely,

A handwritten signature in black ink, appearing to read "Kelly Rasmussen".

Kelly Rasmussen

Superintendent of Public Works
